FY 2010 Consolidated Federal Programs Application

I. Introduction

Annually, the Mississippi Department of Education (MDE) requires school districts receiving Title I funds to submit, for approval, a consolidated application, as required by the *No Child Left Behind (NCLB) Act of 2001, SEC 1112*. This document is designed to help school districts properly utilize allocated federal dollars to positively impact academic improvement by helping low-achieving children meet challenging academic achievement standards in every school across the state.

II. Program Design

The FY 2010 Consolidated Federal Programs Application (SY 2009-2010) is an electronic document comprised of four major components: Consolidated Plan, Budgetary Document, Schoolwide Plan Template, and Targeted Assistance Plan Template. Districts are required to submit applicable components, depending on the program design. The four components are generally described below:

- a. *Consolidated Plan* – The Consolidated Plan is a **word document** that contains legal assurances and key federal program data. This section is designed to collect and evaluate areas of compliance for Titles I, II, and IV. School districts must collect and compile all data from local schools as it relates to each area within this section.
- b. *Budgetary Document* – The Budgetary Document is an **excel file** entitled “**FY10 CFPA Budget.**” This file contains thirteen excel worksheets that have pre-set cells with formulas for data transfer. The worksheets are pre-set to automatically transfer data throughout the file. (i.e. When the school district’s name is entered in cell C2 of the “Cover Page,” the entered name will show automatically on all worksheets.) Worksheets are designed with specific instructions noted in comment boxes.
- c. *Schoolwide Plan Template* – This template is an instrument used to aid in the development of schoolwide plans to improve the academic success of **all** students.
- d. *Targeted Assistance Plan Template* – This Template is an instrument used to aid in the development of targeted assistance plans to improve the academic success of **identified eligible** students.

III. Substantially Approvable Form

EDGAR Section 76.708(a) requires all state agencies to *substantially approve* LEA plans prior to LEA obligation of federal funds. The MDE considers the submission of each LEA's Consolidated Plan and Budgetary Documents, based on the preliminary allocations, as *substantially approvable* when the MDE staff has determined the LEA's overall consolidated plan and detailed budget are generally in compliance with allowable usage(s) of federal funds. The MDE staff will further ensure all expenditures are supplemental in nature. Upon verification of compliance, an official letter of approval, from the Office of Innovative Support and Office of Federal Financial Management, granting spending authority, will be issued. Any unallowable expenditures charged to Title funds will result in reimbursement from district funds. Once final allocations have been released, all LEAs are required to officially amend plans and budgets in accordance to the Mississippi Department of Education's Federal Programs Amendment procedures. Schoolwide and Targeted Assistance Plans will be submitted and approved during each LEAs full onsite monitoring.

IV. Submission Process

The FY10 CFPA is a comprehensive series of documents published by the Mississippi Department of Education. Documents are **not** to be altered or changed in format. The FY10 CFPA must be received in the Office of Innovative Support **on or before May 29, 2009**. **Failure to submit the completed application in its entirety by the established deadline may delay the approval of your application and the disbursement of funds to your district.** We are requesting that each school district submit an **original and three copies** at the time of submission. All signatures on the original document **must** be in blue ink. **Applications submitted without blue signatures and the appropriate number of copies will be returned.** The application should be mailed or delivered to:

General Assurances

This Consolidated Federal Programs Application (CFPA) is for Local Educational Agency (LEA) use in requesting district funds for covered programs under the *No Child Left Behind Act of 2001*. Each question in the application is directed by the legislation, and the parenthetical citation with each question indicates the section of legislation that requires the item be addressed in this application. The Neglected or Delinquent (Title I, Part D) application should be submitted *separately*.

The legislative purpose of these federal funds is to improve teaching and learning to meet student needs effectively. Ongoing broad-based planning and shared decision-making are essential for quality programming. This CFPA supports Mississippi LEAs in looking at increasing student learning and achievement through effective programming, professional development, parent and community involvement, and provision of a safe, orderly climate conducive to our teachers teaching and our students learning.

LEA Statement of Assurances

The School Board of [PICAYUNE SCHOOL DISTRICT 5520](#) approved and recorded in its minutes the single set of assurances stated below at a meeting held on [MAY 26, 2009](#) and further authorized the Superintendent to sign such single set of assurances as required by Section 9306 and to submit an application to the Mississippi Department of Education as required by Section 9305 to receive grants under stated Titles of the *No Child Left Behind Act of 2001* and other applicable Federal programs. ***Please note that this date should represent the day that the school board approved not only the assurances, but also the Schoolwide or Targeted Assistance Plan and Budget.***

General Assurances

1. Programs and services are and will be in compliance with Title VI and Title VII of the Civil Rights Act of 1964. A statement of compliance with Title VI of the Civil Rights Act of 1964 should be filed with the Superintendent.
2. Programs and services are and will be in compliance with Title IX (nondiscrimination on the basis of sex) of the Education Amendments of 1972.
3. Each program or activity conducted by the LEA will be conducted in compliance with the provisions of Chapter 2, Prohibition of Discrimination on the Basis of Sex, as well as all other applicable provisions of state law prohibiting discrimination on the basis of sex.
4. Programs and services are and will be in compliance with the Age Discrimination Act of 1975.
5. Programs and services for individuals with disabilities are in compliance with the Individuals with Disabilities Education Act. (34 CFR 300, 303, and 504 of the Rehabilitation Act of 1973)
6. When federal funds are made available, they will be used to supplement and, to the extent practical, increase the amount of state and local funds that would, in the absence of such federal funds, be made available for the uses specified in the state plan, and in no case supplant such state or local funds. Personnel, contracts, materials, supplies, and equipment purchased with Consolidated Program funds supplement the basic education program. (34 CFR 200.44, 298.23)
7. All state and federal statutes, regulations, program plans, and applications appropriate to each program under which federal or state funds are made available through this application will be met by the applicant educational agency in its administration of each program.
8. The LEA will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, state and federal funds paid to that educational agency under each program. (34 CFR 200.20(a)(9))
9. The LEA will make reports to the state educational agency or board and to the Secretary of Education as may reasonably be necessary to enable the state educational agency or board and the Secretary to perform their duties and will maintain such records and provide access to those records as the state educational agency or board or the Secretary deems

necessary. Such records will include, but will not be limited to, records which fully disclose the amount and disposition by the recipient of those funds, the total cost of the activity for which the funds are used, the share of that cost provided from other resources, and such other records as will facilitate an effective audit. The recipient shall maintain such records for three years after the completion of the activities for which the funds are used. (34 CFR 76.722, 76.730, 76.731, 76.734, 76.760; 34 CFR 80.42)

10. Any application, evaluation, periodic program plan, or report relating to each program will be made readily available to parents and other members of the general public.
11. Auditable records of each participating school program will be maintained on file. (34 CFR 80.42(e))
12. The school site administrators are an integral part of collecting and reporting all school crime data to ensure that the Mississippi's Unsafe School Choice Option (USCO) Policy is accurately and consistently completed. The LEA shall submit individual incident data to the state education educational agency. The reporting of individual incident data, rather than summary data, will enable more comprehensive and in-depth trend analyses of school crime, both at the local and statewide level.
13. The LEA declares that it neither uses nor will use federal funds for lobbying activities and hereby complies with the certification requirements of 34 CFR Part 82.
14. The LEA has complied with the certification requirements under 34 CFR Part 85 regarding debarment, suspension and other responsibility matters.
15. The LEA provides reasonable opportunity for public comment on the application and considers the comments. (Section 14306(a)(7))
16. The LEA will adopt and use proper methods of administering each program including:
 - a. enforcement of any obligations imposed by law on agencies responsible for carrying out programs and
 - b. correction of deficiencies in program operations identified through audits, etc. (Section 14306 (a)(3)(B))
17. The LEA adheres to the applicable provision of the Education Department General Administrative Regulations (EDGAR): 34 CFR Parts 76, 77, 79, 80, 81, 82, 85, and 86.
18. The LEA adheres to OMB Circular-87 (the Cost Principles for State, Local, and Indian Tribal Governments.)
19. The LEA assures the salary and wage charges will be supported by proper time reporting documentation that meets the requirements of OMB A-87.

Constitutionally Protected School Prayer

20. As a condition of receiving federal funds under the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act of 2001 (NCLB), the LEA hereby certifies that no policy of the LEA prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary schools and secondary schools, as detailed in the current guidance issued pursuant to NCLB Section 9524(a).

Comparability

21. The LEA has established and implemented a district-wide salary schedule; has a policy to ensure equivalence among schools in teachers, administrators, and other staff; and has a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. (Section 1120(c)(2,3,4,5))

Suspension and Debarment

22. The LEA assures that neither it, nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any Federal department or agency. (34 CFR §85.225)

Title I, Part A General Assurances

23. Each LEA will use the results of the student academic assessments required under section 1111(b)(3) to ensure that all students meet the State's proficient level of achievement. The LEA will ensure that the results from the academic assessments are provided to parents and teachers as soon as it is practically possible. (Section 1112(c),(1),(M), (N))
24. Each LEA receiving Title I funds is allocating time and resources to facilitate, coordinate and integrate services with the regular program for students most at risk of failing and who may be an English Learner (also known as LEP), Individuals with Special Needs, homeless, migrant, American Indian and neglected and delinquent students along with other health and welfare agencies, if appropriate. (Section 1112 (b)(1) (E) (ii))
25. School eligibility is determined by District wide criteria for Title I Section 1112(b)(G).
26. Each Title I participant in a Targeted Assistance Program is identified as being most in need using consistently applied multiple objective educational criteria established by the LEA and supplemented by the school, except that children from preschool through grade two shall be selected solely on the basis of such criteria as teacher judgment, interviews with parents and developmentally appropriate measures. (Section 1115(b)(1)(2)(3))

27. The LEA will:

- a. Use Title I, Part A as funds to provide early childhood development services to low income children and shall ensure that the services comply with the performance standards of Head Start, Reading First, Early Reading First, and the William F. Gooding Even Start Family Literacy Program. (Section 1112(b)(E))
- b. Work in conjunction with schools as the schools develop the schoolwide plans and implement SWP and Targeted Assistance programs. (Section 1112(c)(C))
- c. Provide for services to current and eligible former students from migrant families. (Section 1112(b)(8))
- d. Implement programs and early intervention for the educationally disadvantaged students based on scientifically based research. (Section 1116(e)(c) §1001(9))
- e. Coordinate and collaborate as determined necessary with other agencies providing services to children, youth and families including health and social services. (Section 1112(c)(1)(K))
- f. Inform eligible schools and parents of schoolwide program authority. (Section 1112(b)(1)(J))
- g. Ensure that schools that operate schoolwide programs meet the Title I criteria. (Section 1114(a)(1)(b)(1)(J))
- h. Spend, at a minimum, a per child amount of the state and local funds, excluding amounts for state compensatory, as was present during the preceding fiscal year. (Section 1120A(a))

28. The LEA annually uses the State academic assessments and other indicators described in the state plan to review the progress of each school receiving Title I funds to determine whether the school is making adequate yearly progress. The LEA shall identify for program improvement any elementary or secondary school that fails for 2 consecutive years, to make adequate yearly progress as defined in the State's plan. For schools that are targeted assistance, the LEA may choose to review the progress of only the students in the school who are served, or are eligible for services under this part before identifying the school for program improvement, corrective action or restructuring under Section 1116. For schools identified as program improvement, the LEA agrees to the following:

- a. Year 1: Not later than the first day of the school year following identification, provide all students enrolled in the school with the option to transfer to another public school served by the LEA, which may include a public charter school, that has not been identified for program improvement. The

LEA shall give priority to the lowest achieving children from low-income families. In addition, the LEA will:

- i. assist the school in revising the school plan that shall cover a two-year period and will set aside 10% of school funds for teacher and principal professional development for the duration of the time the school is in program improvement;
 - ii. ensure provision of specified technical assistance during the development and implementation of the school plan.
- b. Year 2: For a school that fails to make adequate yearly progress after the first year, the LEA shall continue to provide all students enrolled in the school with the option to transfer to another public school and shall make supplemental educational services available.
 - c. Year 3: For a school that fails to make adequately yearly progress after two years in program improvement, the LEA shall continue to provide all students enrolled in the school with the option to transfer to another public school; continue to provide supplemental services; and shall identify the school for corrective action and take at least one corrective action under clause (iv). The LEA shall publish and disseminate information regarding any corrective action taken.
 - d. Year 4: For a school that after one year in corrective action fails to make adequate yearly progress, the LEA shall continue to provide all students enrolled in the school with the option to transfer to another public school in the district; continue to make supplemental services available; and shall prepare a plan for alternative governance arrangements for the school as indicated in Section 1116(b)(8)(B).
 - e. Year 5: For a school that after two years in corrective action fails to make adequate yearly progress, the LEA shall implement the alternative governance arrangement plan consistent with State law and with Section 1116(b)(8)(B).

For any case described for program improvement in years 1-4 above, the LEA shall provide or shall pay for the provision of transportation for the student to the public school the student attends. Unless a lesser amount is needed the LEA shall spend an amount equal to 20% of its allocation under subpart 2 from which the agency shall spend:

- i. *An amount equal to 5% to pay for transportation costs;*
- ii. *An amount equal to 5% to provide supplemental education services;*
- iii. *An amount equal to the remaining 10% for transportation or supplemental services or both as the agency determines.*

In any case identified in years 1-4 above, if all public schools served by the LEA to which a student may transfer are identified as program improvement, the LEA shall to the extent practicable, establish a cooperative agreement with other LEAs in the area for transfer.

If any school identified for program improvement makes adequate yearly progress for two consecutive years, the LEA shall exit the school from program improvement upon notification by the State and shall no longer subject the school to the requirements of program improvement. (Section 1116(a)(1)(A); §1116(b)(1)(A), §1116(b)(1)(E), §1116(b)(3)(A), §1116(B)(4)(A), §1116(b)(5), §1116(b)(7)(C), §1116(b)(8)(A), §1116(b)(8)(B), §1116(b)(9), §1116(b)(10), §1116(b)(11), §1116(b)(12))

- 29. The LEA is maintaining fiscal efforts on behalf of eligible children to ensure that these funds supplement the regular program and not the local efforts to educate eligible children. (Section 6322(A)), (Section 1120(A))
- 30. The LEA agrees to implement programs, activities, and procedures for the involvement of parents in programs assisted under and consistent with Title I Part A requirements. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children. Each LEA shall develop jointly with, agree on with, and distribute to parents of participating children, a written parent involvement policy. The policy shall be incorporated into the LEA local plan and describe how the LEA will:
 - a. Involve parents in the joint development of the local plan and the process of school review for program improvement schools under Section 1116;
 - b. Help schools to plan and implement effective parent involvement activities to

improve student academic achievement and school performance;

- c. Build the schools' and parents' capacity for strong parental involvement;
 - d. Coordinate and integrate parental involvement strategies under Part A and under other programs as specified;
 - e. Conduct with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy and use the findings of the evaluation to design more effective parental involvement; and
 - f. Involve parents in the activities of the Title I schools.
- 31. Parents shall be notified of the policy in an understandable and uniform format and to the extent practicable, provided in a language the parents can understand. The policy shall be made available to the local community and updated periodically to meet the changing needs of parents and the school.
 - 32. To ensure effective involvement of parents each LEA shall provide:
 - a. Assistance to parents of children served by the school or LEA, in understanding topics such as the State's content standards and academic assessments, the parental involvement requirements of Section 1118, and how to monitor a child's progress and work with educators to improve the achievement of their children.
 - b. Training to teachers, counselors, principals and other staff in how to reach out to, communicate with, and work with parents as equal partner.
 - c. Ensure to the extent feasible, the coordination and integration of various parent involvement programs.
 - d. Ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.
 - e. Other reasonable support for parental involvement activities as parents may request.
 - 33. The LEA may also involve parents in activities as specified in Section 1118(e)(6)-(13). In carrying out the parent involvement requirements the LEA, to the extent practicable, shall provide full opportunities for the participation of parents with limited English proficiency, parent with disabilities, and parents of migratory children, including providing information and school reports required under Section 1111 in format and, to the extent practicable, in a language such parents understand.
 - 34. No later than the beginning of the 2002-2003 school year, the LEA will present in an understandable and

- uniform format and language that the parents can understand, the Annual LEA Report Cards. (Section 1118(a)(1), §1118(b), §1118(e), §1118(f))
35. The LEA shall provide high-quality professional development to enable teachers to become highly qualified and successful classroom teachers. The LEA shall develop strategies for providing professional development for paraprofessionals, parents and other staff. (Section 1119(b), (c), (d), (e))
 36. Each LEA shall establish annual measurable objectives that include an annual increase in the percentage of highly qualified teachers at each LEA and school, to ensure that all teachers teaching in core academic subjects in each public elementary and secondary school are highly qualified not later than the end of the 2005-2006 school year. The LEA may include such other measures as the State educational agency determines to be appropriate to increase teacher qualifications. (Section 1119(a), (2), (A), (B), (C), (3))
 37. Classroom teachers who are being assisted by instructional aides retain their responsibility for the instruction and supervision of the pupils in their charge.
 38. All paraprofessionals hired after the date of enactment of the No Child Left Behind Act of 2001 and working in a program supported with funds under Title I shall have: completed at least two years of study in an institution of higher education; obtained an associate's (or higher) degree; meet a rigorous standard of quality and can demonstrate, through a formal State or local academic assessment; have knowledge of, and the ability to assist in instructing, reading, writing, and mathematics; or instructing, reading readiness, writing readiness, and mathematics readiness, appropriate. (Section 1119, (c), (1), (A), (B), (C), (d))
 39. A local education agency shall reserve such funds as are necessary under this part to provide services comparable to those provided to children in schools funded under this part to serve homeless children, children in local institutions for neglected children in community day school programs. (Section 1113(E)(3)(A)(B)(C))
 40. The LEA has maintained fiscal effort - the combined fiscal effort per student or the aggregate expenditures of the LEA from State and local funds for free public education for the preceding year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding year. (20 U.S.C. §8891), (PL 107-110, Title XIV. §14101 (10), and §14501(a))
 41. The LEA has developed and implemented procedures for compliance with the comparability requirements and the compliance documents are updated biannually. (Section 1120(A))

Title I, Part A – Reference Section 1114(b) (Schoolwide Programs)

42. The school services an eligible school attendance area in which not less than 40 percent of the children are from low-income families. (Section 1114(b))
43. The school has received high quality technical assistance and support from providers of assistance such as comprehensive technical center, regional laboratories, institutions of higher education, educational service agencies, or other local consortia. (Section 1114(b))
44. A participating school shall use funds only to supplement the amount of funds that would, in the absence of funds under this part, be made available from non-Federal sources for the school. (Section 1114(b))
45. A schoolwide program shall include these components:
 - a. A comprehensive needs assessment of the entire school (including taking into account the needs of migratory children as defined in Sec. 1309(2)) that is based on information, which includes the achievement of children in relation to the State academic content standards, and the State student academic achievement standards described in Section 1111 (b)(1).
 - b. Schoolwide reform strategies that –
 - i. Provide opportunities for all children to meet the State's proficient and advanced levels of student performance described in Section 1111(b)(D).
 - ii. Use effective methods instructional strategies, that are based on scientifically based research, that:
 1. strengthen the core academic program in the school;
 2. increase the amount and quality of learning time, such as providing an extended school year and before- and after-school and summer programs and opportunities, and help provide an enriched and accelerated curriculum; and
 3. include strategies for meeting the educational needs of historically underserved populations;
 4. include strategies to address the needs of all children in the school, but particularly the needs of low-achieving children

- and those at risk of not meeting the State student academic achievement standards who are members of the target population of any program that is included in the schoolwide program which may include—
- a. counseling, pupil services, and mentoring services;
 - b. college and career awareness and preparation, such as college and career guidance, personal finance education, and innovative teaching methods, which may include applied learning and team-teaching strategies; and
 - c. the integration of (II) address how the school will determine if such needs have been met; and
 - d. are consistent with, and are designed to implement, the State and local improvement plans, if any. vocational and technical education; and
- c. Instruction by highly qualified teachers. In accordance with Section 1119 and subsection (a)(4), high-quality and ongoing professional development for teachers, principals, and paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff to enable all children in the school to meet the State's student academic achievement standards.
- d. Strategies to attract highly qualified teachers to high-need schools.
- e. Strategies to increase parental involvement in accordance with section 1118, such as family literacy services.
 - f. Plans for assisting preschool children in the transition from early childhood programs, such as Head Start, Even Start, Early Reading First, or a State-run preschool program, to local elementary school programs.
 - g. Measures to include teachers in the decisions regarding the use of assessments described in Section 1111(b)(3) in order to provide information on, and to improve, the achievement of individual students and the overall instructional program.
 - h. Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement standards required by section 1111(b)(1) shall be provided with effective, timely additional assistance which shall include measures to ensure that students' difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.
 - i. Coordination and integration of Federal, State, and local services and programs, including programs supported under this Act, violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training. (Section 1114(b))
46. A participating school in consultation with the LEA and its technical assistance provider shall develop a comprehensive plan for reforming the total instructional program in the school. (Section 1117)
47. The school maintains a schoolwide process of developing improvement plans that are broadly reflective of the socio-economic composition of the school attendance area, principals, teachers, other school personnel, parents, and members of the community in the development of school improvement plans (including taking into account the needs of migratory children as defined in section 1909(2)). The school plan describes improvement efforts related to instruction, auxiliary services, school environment, and organization. (Section 1114(b)(A)(B)(C)(D)(E)(F)(H)(I)(J))

Title I, Part A, Reference Section 1112(b)(1)

48. The LEA will participate, if selected, in the State National Assessment of Education Progress in 4th and 8th grade reading and mathematics carried out under section 411(b)(2) of the National Education Statistics Act of 1994.

Title I, Part A, Reference Section 1112(c)(1)

The LEA will:

49. Inform eligible schools and parents of school wide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources;
50. Provide technical assistance and support to school wide programs;
51. Work in consultation with schools as the schools develop the schools' plans pursuant to section 1114 and assist schools as the schools implement such plans or undertake activities pursuant to section 1115 so that each school can make adequate yearly progress (AYP) toward meeting the State student academic achievement standards;
52. Fulfill such educational agency's school improvement responsibilities under section 1116, including taking actions under paragraphs (7) and (8) of section 1116(b) (which discuss correction action or even restructuring of low-performing schools);
53. Provide services to eligible children attending private elementary schools and secondary schools in accordance with section 1120, and timely and meaningful consultation with private school officials regarding such services; additionally, the LEA authorizes participation in and Title I funds to be released for Cooperative projects and accepts administrative responsibility for the project or designates another LEA as the administrative and fiscal educational agency;
54. Take into account the experience of model programs for the educationally disadvantaged, and the findings of relevant scientifically based research indicating that services may be most effective if focused on students in the earliest grades at schools that receive funds under this part;
55. In the case of a LEA that chooses to use funds under this part to provide early childhood development services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act;
56. Work in consultation with schools as the schools develop and implement their plans or activities under sections 1118 and 1119;
57. Comply with the requirements of section 1119 regarding the qualifications of teachers and paraprofessionals and professional development;
58. Inform eligible schools of the LEA's authority to obtain waivers on the school's behalf under Title IX and, if the State is an Ed-Flex Partnership State, to obtain waivers under the Education Flexibility Partnership Act of 1999;
59. Coordinate and collaborate, to the extent feasible and necessary as determined by the LEA, with the State educational agency and other agencies providing services to children, youth, and families with respect to a school in school improvement, corrective action, or restructuring under section 1116 if such a school requests assistance from the LEA in addressing major factors that have significantly affected student achievement at the school;
60. Ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers;
61. Use the results of the student academic assessments required under section 1111(b)(3), and other measures or indicators available to the educational agency, to review annually the progress of each school served by the educational agency and receiving funds under this part to determine whether all of the schools are making the progress necessary to ensure that all students will meet the State's proficient level of achievement on the State academic assessments described in section 1111(b)(3) within 12 years from the baseline year described in section 1111(b)(2)(E)(ii);
62. Ensure that the results from the academic assessments required under section 1111(b)(3) will be provided to parents and teachers as soon as is practicably possible after the test is taken, in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand; and
63. Assist each school served by the educational agency and assisted under this part in developing or identifying examples of high-quality, effective curricula consistent with section 1111(b)(8)(D).

Title I, Part A (Education of Homeless Children and Youth)

64. The LEA will reserve Title I, Part A funds to provide comparable services to homeless children to ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as provided to other children and youth. (Section 1113(c)(3)(A))
65. LEAs need to satisfy the requirements of this section and coordinate with the McKinney-Vento Homeless Assistance Act. (Section 1111(a)(1))
66. LEAs in the State will adopt policies and practices to ensure that homeless children and youths are not stigmatized or segregated on the basis of their status as homeless. (PL 107-110, §722(g)(J)(i))
67. LEAs will designate an appropriate staff person, as a LEA liaison for homeless children and youths, to ensure equal access to the same free, appropriate public education. (PL 107-110, §722(g)(J)(ii))
68. LEAs will adopt policies and practices to ensure that transportation is provided to homeless children and youths, at the request of the parent or guardian, to and from the school of origin. (PL 107-110, §722(g)(J)(iii))

Title I, Part A

Private Non-Profit School Participation

69. The LEA shall, after timely and meaningful consultation with appropriate private school officials, provide to those children and their teachers or other educational personnel, on an equitable basis, special education services or other benefits that address their needs under the following programs:
 - a. Title I, Part A
 - b. Title II, Part A and D
 - c. Title III, Part A
 - d. Title IV, Part A
 - e. Title V, Part A (Section 9501(a)(1))
70. Educational services for private school children, teachers and other educational personnel shall be equitable in comparison to services and other benefits for public school children, teachers, and other educational personnel participating in the program and shall be provided in a timely manner. (PL 107-110, §9501(a)(3))

Title I, Part A

Participation of Private Non-Profit School Students

71. The LEA will provide services to eligible children attending private elementary and secondary schools. (Section 1112(c)(1)(F))
72. Title I services for private school students are on an equitable basis with public school students, taking into account the number of students served and the special educational needs of such students. The expenditures are equal to the per pupil expenditures of the public schools. (Section 1120(a))
73. Private school representative(s) were consulted by public school officials during the planning of the compensatory education program regarding selection of participants, identification of needs, provision of services, program evaluation, capital expenses reimbursement, and preparation of the application. (Section 1120; 34 CFR 200.51)
74. The selection criteria for private school participants are the same as those for public school participants. (Section 1120(b)(1)(A-E)); (34 CFR 200.31)
75. Public school personnel providing services to private school students are not involved in the internal administration of the private schools nor are private school personnel given any control or authority over the internal decisions of the public school district's implementation of Title I programs for private school students. (Section 1120(c)(1)-(3)); (34 CFR 200.50)
76. LEAs receiving reimbursement for capital expenses under ESEA Title I will use such funds to serve eligible children in public and private schools who were adversely effected by the LEA's expenditure of these funds. (Section 1120(e)(B)(3),(4)); (34 CFR 200.58)

77. Title I services or other benefits, including materials and equipment, shall be secular, neutral, and non-ideological. (Section 1120(a)(2))
78. The LEA maintains and will provide upon request to the State educational agency a written affirmation signed by officials of each participating private school that the consultation required by Section 1120(b) of the No Child Left Behind (NCLB) Act of 2001 has occurred. (Section 1120(b))

Title I, Part A and Part D

Neglected or Delinquent Students Program

79. An LEA, serves each student who has been identified for funding purposes from 5 to 17 years of age, and, in a local neglected or delinquent institution program for a minimum of 20 hours per week. (Section 1412(a)(1)(A)(ii))
80. The needs of students are assessed upon enrollment and periodically thereafter, to identify students at risk of failing to meet State standards. Assessment results for students are on file at each participating site and/or custodial agency. (Section 1112(b)(1), §1416, §1431)

Title II, Part A, Reference Section 2122(b)

The LEA will:

81. Target funds to schools with the jurisdiction of the local education agency that have the lowest proportion of highly qualified teachers have the largest average class size, or are identified for school improvement under section 1116(b);
82. Comply with section 9501 (regarding participation by private school children and teachers).
83. The LEA conducted a comprehensive and collaborative needs assessment that involved teachers, paraprofessionals, principals, parents and other relevant school personnel. The results are used to create a plan that increases the number of highly qualified teachers in every classroom in core academic subjects, increase the percentage of teachers participating in high quality professional development including training on effective instructional strategies, and in use of State academic content standards and assessments. (Section 2122(c))
84. The LEA developed a plan for the use of Title II, Part A funds based on the needs assessment and that the plan demonstrates the integration of other relevant Federal, State and local program funds. (Section 2122(3)(4))
85. The LEA developed and incorporated in their plan an assessment that provides for annual yearly progress that objectively measures the impact of authorized activities such as professional development, teacher and principal incentives, class size reduction, recruitment and training of teachers, and how it results in significantly closing the achievement gap of low-income and minority students from other students. (Section 1119(b)(1)(A))

- 86. The LEA plan, and authorized activities, gives priority of resources for professional development and authorized activities to teachers in low-performing schools. (Section 2122(3)(c))
- 87. The LEA will use funds to meet the requirements contained in Title II, Part A, and all other applicable provisions of the ESEA Reauthorization of 2001 and will submit necessary documentation of compliance with requirements upon request. (Section 2121)
- 88. The LEA assures that neither it, nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any Federal department or agency. (34 CFR 85.225)
 - iv. Considers the student and the circumstances of the situation.
 - v. Is enforced accordingly.
- 93. The application and any waiver request under section 4115(a)(3) (to allow innovative activities or programs that demonstrate substantial likelihood of success) available for public review after submission of the application.
- 94. That the program or activity shall undergo a periodic evaluation to assess its progress toward reducing violence and illegal drug use in schools to be served based on performance measures described in Section 4114(d)(2)(B); and that the results shall be used to refine, improve, and strengthen the program, and to refine the performance measures, and shall also be made available to the public upon request, with public notice of such availability provided. (Section 4115(a)(2))

Title IV, Part A, Reference Section 4114(d)

The LEA will:

- 89. Fund activities or programs that comply with the principles of effectiveness described in section 4115(a) and foster a safe and drug-free learning environment that supports academic achievement.
- 90. Use funds under this subpart (Title IV, Part A) to increase the level of State, local, and other non-Federal funds that would, in the absence of funds under this subpart, be made available for programs and activities authorized under this subpart, and in no case supplant such State, local, and other non-Federal funds.
- 91. Assure that drug and violence prevention programs supported under this subpart convey a clear and consistent message that acts of violence and the illegal use of drugs are wrong and harmful.
- 92. Have, or the schools to be served have, a plan for keeping schools safe and drug-free that includes:
 - a. Appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons, and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students.
 - b. Security procedures at school and while students are on the way to and from school;
 - c. Prevention activities that are designed to create and maintain safe, disciplined, and drug-free environments.
 - d. A crisis management plan for responding to violent or traumatic incidents on school grounds; and
 - e. A code of conduct policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
 - i. Allows a teacher to communicate effectively with all students in the class.
 - ii. Allows all students in the class to learn.
 - iii. Has consequences that are fair, and developmentally appropriate.
- 95. That the LEA will comply with the provisions of section 9501 pertaining to the participation of private school children and teachers in the programs and activities under this subpart. (Section 4113(a)(7))
- 96. That the LEA shall develop its application through timely and meaningful consultation with State and local government representatives, representatives of schools to be served (including private schools), teachers and other staff, parents, students, community-based organizations, and others with relevant demonstrated expertise in drug and violence prevention activities (such as medical, mental health, and law enforcement professionals); and that on an ongoing basis, the LEA shall consult with such representatives and organizations in order to seek advice regarding how best to coordinate such agency's activities under this subpart with other related strategies, programs, and activities being conducted in the community. (Section 4114(c)(1))
- 97. That funds under this subpart will be used to increase the level of State, local, and other non-Federal funds that would, in the absence of funds under this subpart, be made available for programs and activities authorized under this subpart, and in no case supplant such State, local, and other non-Federal funds. (Section 4114(d)(4))
- 98. That drug and violence prevention programs supported under this subpart convey a clear and consistent message that acts of violence and the illegal use of drugs are wrong and harmful. (Section 4114(d)(6))
- 99. That the applicant has, or the schools to be served have, a plan for keeping schools safe and drug free. (Section 4114(d)(7))
- 100. That the application and any waiver request under Section 4115(a)(3) will be available for public review after submission of the application. (Section 4114(d)(8))
- 101. That the LEA shall submit to the State educational agency such information that the State requires to complete the State report required by subsection 4116

(a), including a description of how parents were informed of, and participated in, violence and drug prevention: and that this information shall be made readily available to the public. (Section 4116(b) (1))

102. That the LEA is in compliance with the State law required by subsection (b) 107. requiring LEAs to expel from school for a period of not less than 1 year a student who is determined to have brought a firearm to a school, or to have possessed a firearm at a school, under the jurisdiction of LEAs in that State, except that such State law shall allow the chief administering officer of a LEA to modify such expulsion requirement for a student on a case-by-case basis if such modification is in writing. (Section 4141(b) (1))

Title V, Part A, Reference Section 5133(b)

The LEA will:

103. Comply with this part, including the provisions of section 5142 concerning the participation of children enrolled in private nonprofit schools.

104. Keep such records, and provide such information to the State educational agency, as may be reasonably required for fiscal audit and program evaluation (consistent with the responsibilities of the State educational agency under this part).

105. Provide, in the allocation of funds for the assistance authorized by this part and in the planning, design, and implementation of such innovative assistance programs, for systematic consultation with parents of children attending elementary schools and secondary schools in the area served by the LEA, with teachers and administrative personnel in such schools, and with such other groups involved in the implementation of this part (such as librarians, school counselors, and other pupil services personnel) as may be considered appropriate by the LEA.

106. Evaluate programs carried out under this part annually. This evaluation:

- a. Will be used to make decisions about appropriate changes in programs for the subsequent year.
- b. Will describe how assistance under this part affected student academic achievement and will include, at a minimum, information and data on the use of funds, the types of services furnished, and the students served under this part.
- c. Will be submitted to the SEA at the time and in the manner requested by the State educational agency.

107. That the activities or programs be funded comply with the following principles of effectiveness described in section 4115(a) (1). In general, for a program or activity developed pursuant to this subpart to meet the principles of effectiveness, such program or activity shall:

- a. be based on an assessment of objective data regarding the incidence of violence and

illegal drug use in the elementary schools and secondary schools and communities to be served, including an objective analysis of the current conditions and consequences regarding violence and illegal drug use, including delinquency and serious discipline problems, among students who attend such schools (including private school students who participate in the drug and violence prevention program) that is based on ongoing local assessment or evaluation activities;

- b. be based on an established set of performance measures aimed at ensuring that the elementary schools and secondary schools and communities to be served by the program have a safe, orderly, and drug-free learning environment;
- c. be based on scientifically based research that provides evidence that the program to be used will reduce violence and illegal drug use;
- d. be based on an analysis of the data reasonably available at the time, of the prevalence of risk factors, including high or increasing rates of child abuse and domestic violence; protective factors, buffers, assets; or other variables in schools and communities in the State identified through scientifically based research; and
- e. include meaningful and ongoing consultation with and input from parents in the development of the application and administration of the program or activity: and foster a safe and drug-free learning environment that supports academic achievement. (Section (d) (1), §4115 (a) (1))

Title V, Part A

Participation of Private Nonprofit School Students

108. Expenditures per NCLB, Title V, Part A participant are equal in public and private nonprofit schools or different only if based on documented needs. (Section 6402(b))

109. District personnel provide regularly scheduled supervision. (Section 6402(c), 6303(a)(4))

110. Title V, Part A services, materials, and equipment provided to private school students will be secular, neutral, and non-ideological in nature. (Section 6202(a)(1))

111. If the LEA determines, after consultation with a private school, that the services, materials, and equipment it provides with Title V, Part A funds are not feasible or necessary for the private school, it will make other arrangements to assure equitable participation for the private school students. (Section 6202(a)(1))

112. LEA will administer and control Title V, Part A funds and shall maintain title of materials, equipment, and property provided to private schools under Title V. (Section 6402(c)(1))

113. The public school district has signatures on file of the designated school officials for participating private nonprofit schools that certify their desire to have their

students participate on an equal basis in the NCLB, Title V, Part A program. (Section 6102(b)(1)(B), 6303(a)(4))

114. A complete and accurate description of services to be provided to the private non-profit students is on file in the district office. (Section 6402(c), 6303(a)(4))

The following people have read the above assurances and will adhere to them for the implementation of the federal programs included in this application. The signatures below indicate approval of the expenditures and assurances described, including the budget pages:

MISSISSIPPI CONSOLIDATED APPLICATION CONTENTS
ESEA Goals, ESEA Indicators, State Performance Targets

Accountability, especially as it is reflected in student achievement results, drives the consolidated application’s contents. The following ESEA performance goals and indicators cut across the ESEA programs included in the application and reflect the key *No Child Left Behind Act of 2001* goal of improved achievement for all students.

The Mississippi Department of Education adopts the following five goals and the corresponding indicators and agrees to submit targets and baseline data related to the goals and indicators identified in the application. The Mississippi Department of Education must report performance targets for each indicator and baseline data for the targets to the USDE as a part of the Consolidated State Performance Report.

Performance Goals and Indicators
Performance Goal 1: By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of students, in the aggregate and for each subgroup, who are at or above the proficient level in reading/language arts on the State’s assessment. (Note: These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(1)(C)(i).)
<ul style="list-style-type: none"> • Performance Indicator: The percentage of students, in the aggregate and in each subgroup, who are at or above the proficient level in mathematics on the State’s assessment. (Note: These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(1)(C)(i).)
<ul style="list-style-type: none"> • Performance Indicator: The percentage of Title I schools that make adequate yearly progress.
Performance Goal 2: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of limited English proficient students, determined by cohort, who have attained English proficiency by the end of the school year.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of limited English proficient students who are at or above the proficient level in reading/language arts on the State’s assessment, as reported for performance indicator 1.1.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of limited English proficient students who are at or above the proficient level in mathematics on the State’s assessment, as reported for performance indicator 1.2.
Performance Goal 3: By 2005-2006, all students will be taught by highly qualified teachers.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of classes being taught by “highly qualified” teachers (as the term is defined in section 9101(23) of the ESEA), in the aggregate and in “high-poverty” schools (as the term is defined in section 1111(h)(1)(C)(viii) of the ESEA).
<ul style="list-style-type: none"> • Performance Indicator: The percentage of teachers receiving high-quality professional development. (as the term, “professional development,” is defined in section 9101 (34) of the ESEA).
<ul style="list-style-type: none"> • Performance Indicator: The percentage of paraprofessionals (excluding those with sole duties as translators and parental involvement assistants) who are qualified. (See criteria in section 1119(c) and (d).)
Performance Goal 4: All students will be educated in learning environments that are safe, drug free, and conducive to learning.
<ul style="list-style-type: none"> • Performance Indicator: The number of persistently dangerous schools, as defined by the State.
Performance Goal 5: All students will graduate from high school.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of students who graduate from high school each year with a regular diploma, --disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged.
<ul style="list-style-type: none"> • Performance Indicator: The percentage of students who drop out of school, --disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged.

State and Local School District NCLB Report Card Assurances

According to NCLB Section 1111(h), each State and Local Educational Agency (LEA) must establish and distribute annual report cards. The State report cards are required to be concise and understandable with a uniform format and must include:

- Student achievement data disaggregated by race/ethnicity, gender, migrant status, disability, English proficiency, and socioeconomic status.
- Comparison of actual achievement levels for each disaggregated group.
- Aggregate data on other indicators used to determine AYP.
- Two-year trend data regarding each subject and each grade level required by the statute.
- High school graduation rates.
- Performance of LEAs in the State that make AYP and those that do not.
- Percent of students for each disaggregated group who are not tested.
- Qualification of teachers, disaggregated by high poverty (top quartile) and low poverty (bottom quartile) status.

States may include additional information on the report card. Similarly, each LEA must establish and distribute a report card that includes:

- The number and percentage of schools in the LEA that are identified as needing improvement.
- A list of all schools that have been identified as needing improvement.
- LEA student achievement data compared to statewide data.
- Student achievement data of the school compared to the data of the LEA and State.

To ensure compliance with this statute the MDE encourages LEAs to use the State level NCLB reports when providing information to the public. However, if an LEA chooses to generate report cards, the report cards must contain all the components listed above. Please indicate by checking one of the boxes below indicating your district's method of reporting. **Report cards must be disseminated to parents no later than October 15th annually.**

- District elects to use the state prepared NCLB report card.
- District elects to generate NCLB report card that adheres to the requirements as outlined in NCLB Section 1111(h)(2).

Local Education Agency (LEA) Title I Plan

MUST BE FULLY completed.

1. Provide a **description** of high-quality student academic assessments, if any, that are in addition to the state required academic assessments that the LEA and/or schools may use to: (Section 1112(b)(1)(A)(i)(ii)(iii)(iv))
 - a) determine the success of children served with Title I, Part A funds in meeting the State student academic achievement standards, and to provide information to teachers, parents, and students on the progress being made toward meeting the State student academic achievement standards;
 - b) assist in diagnosis, teaching, and learning in the classroom in ways that best enable low-achieving students served with Title I, Part A funds to meet State student achievement academic standards and do well in the local curriculum;
 - c) determine what revisions are needed to projects funded with Title I, Part A funds so that children meet the State student academic achievement standards; and
 - d) identify students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom-based instructional reading assessments.

Picayune School District will use only the MCT2 and Subject area assessments as adopted by the State of Mississippi as a means of determining the success of children served with Title I, Part A funds in meeting the State's student academic achievement standards. In addition to state mandated assessments, the District will administer the AIMSWEB assessment to all students in K-6 to assess students in the areas of reading and mathematics.

2. If applicable, provide a **description** of any other indicators that will be used in addition to the state's attendance and graduation indicators. (Section 1112(b)(1)(B))

NA

3. **Describe** how the LEA will provide additional assistance to individual students assessed as needing help in meeting the state's challenging student academic achievement standards. (Section 1112(b)(1)(C))

Picayune School District will provide additional assistance to students in grades K-12 in meeting the State's challenging student academic achievement standards by providing remediation services through the use of Fast ForWord (Scientific Learning). The Literacy and Reading components will be used to help students score proficient or advanced on the State student assessments. Picayune Junior High School and Picayune Memorial High

School will include as part of their master course schedules “learning strategy” and “compensatory readiness” programs to remediate students taking all state assessments.

Students with IEP’s will be scheduled to inclusive or monitoring classes as a means to properly prepare them to take all State assessments. IEP committees will select the appropriate courses to accommodate these students and their individual academic needs.

In grades K-6, Picayune School District will use Title II funds to reduce class size and provide staff with professional development opportunities to help meet the standards of “highly qualified” as prescribed by NCLB. Research shows a marked growth in student achievement as the size of the class decreases.

Title I, Part A funds will be used to fund the salaries and benefits of Title I assistants at all eligible schools. Research shows that additional instructional support provides a means for improving student achievement levels. All Title I, Part A funded schools will also have the opportunity to hire classroom teachers as long as funds are available.

Extended-day and extended-year remediation programs will be provided to students in all eligible school with available Title I, Part A funds, district funds, and grant-generated funds. If Title VI funds become available, they will be used to fund extended-day activities for the 2009-2010 school year.

4. Provide a **description** of the strategies the LEA will use to coordinate programs funded with Title I, Part A funds with programs under Title II to provide professional development for teachers and principals, if appropriate, pupil services personnel, administrators, parents, and other staff, including local LEA level staff in accordance with parental involvement (Section 1118) and qualifications for teachers and paraprofessionals (Section 1119). (Section 1112(b)(1)(D))

Picayune School District uses an annual professional development evaluation and needs assessment to identify needed professional development activities at each school and for the district as a whole. In addition, parents and individuals throughout the community are invited to participate in the completion of this Comprehensive Needs Assessment. The results will be used to develop the yearly professional development plan for each Title I, Part A funded schools and the district.

Picayune School District uses Title I, Part A and Title II, Part A funds for funding professional development at all eligible Title I schools. Title II funds are also used to reduce class size in grades K-6.

In addition, district maintenance and grant- generated funds are used to provide professional development activities which apply to the district as a whole.

5. **Describe** how the LEA will coordinate and integrate services provided under Title I, Part A with other educational services at the LEA and/or school level such as:
(Section 1112(b)(1)(E)(i)(ii))
 - i) Even Start, Head Start, Reading First, Early Reading First, and other preschool programs, including plans for the transition of participants in such programs as local elementary programs; and

- ii) services for children with limited English proficiency, children with disabilities, migratory children, neglected or delinquent youth, Indian children served under Part A of Title VII, homeless children, and immigrant children, in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program.

Picayune school District is dedicated to providing educational services to all students pre-kindergarten through grade 12. The District operates as Early Head Start and a district-funded three year old program which provide services to approximately 150 students each year. A portion of the Early Head Start's director's salary and the salary/benefits for one Title I aide is funded through Title I, Part A funds. Services provided to students in these programs help to close the achievement gap as they move toward enrollment in kindergarten.

Picayune School District does not have a significant number of students as identified by the guidelines for ESL, Migratory, Neglected/Delinquent, or Homeless/Unaccompanied. However, as part of the yearly student needs assessment, these categories are used as a means to rate students for Title I eligibility. All students identified as being ESL, Migratory, Neglected/Delinquent, or Homeless/Unaccompanied are provided services through Title I, Part A when attending Title I schools. In addition, students identified by one or more of these categories and who do not attend a Title I school are provided services supported by district maintenance and grant-generated funds. Title I, Part A funds have been set-aside for providing services to homeless students who do not attend Title I funded schools.

6. Provide a statement verifying that the LEA will participate, if selected, in the State National Assessment of Educational Progress (NAEP) in 4th and 8th grade reading and mathematics. (Section 1112(b)(1)(F))

Picayune School District is dedicated to providing all students with every available educational opportunity. All 4th and 8th grade classes will participate if selected.

Describe poverty criteria that will be used to select eligible school attendance areas. List eligible attendance areas that will be bypassed. These schools must meet the requirements in Section 1113 (b)(1)(D)(i)(ii)(iii).

Picayune School District uses a free and reduced lunch count as prepared by the Director of Food Services to determine funding at all sites across the District. The free and reduced lunch count is taken on March 1 each year prior to the completion of the CFPA.

Picayune School District uses its Title I, Part A funds to support School-wide Programs at each eligible school. Currently, five elementary and one junior high school-wide programs are funded by Title I, Part A funds. The high school and one private school are bypassed for funding.

As of March 1, 2009, the free and reduced lunch percentage for the District is 72%. Picayune Memorial High School has a 61% free and reduced lunch percentage. This attendance area will be bypassed in order to provide greater Title I, Part A funding for supporting programs in grades K-8.

In addition, Picayune School District currently has only one private school located within its attendance area. Roseland Park Baptist Church Academy will not be served again during the 2009/2010 school year. Roseland Park Baptist Church Academy has refused all funds and services provided by all federally funded programs. In addition, the Academy refuses to release documentation necessary for calculating a free and reduced lunch count for its students.

7. **Describe** poverty criteria used to allocate funding at site. Please indicate source of data and method of gathering.

The free and reduced lunch count and total school enrollments as calculated on March 1, 2009, will be used to determine the percentage each funded school receives from the District's total FY10 Title I, Part A allocation. The free and reduced lunch count and total school enrollments are calculated by the Director of Food Services yearly.

8. Provide a **description** of how teachers, in consultation with parents, administrators, and pupil services personnel, in targeted assistance schools will identify the eligible children most in need of services under Title I, Part A. (Section 1112(b)(1)(H)) *NA*

Picayune School District has amended its FY10 CFPA to operate a school-wide program instead of a targeted assistance program. However, the District will still administer a students needs assessment as a means to identify which students are in greatest need in regard to available Title I programs and services.

9. **Describe** how the LEA will ensure that migratory children and former migratory children who are eligible to receive services under Title I, Part A are selected to receive such services on the same basis as other children who are selected to receive services. (Section 1112(b)(1)(J))

Migratory students are identified through a family survey which is completed at registration. If a student meets the standards prescribed for being Migratory, he/she is immediately enrolled in all Title I, Part A funded activities. A parent may refuse Title I, Part A services at any time.

10. **Describe** actions the LEA will take to assist its low-achieving schools identified under Section 1116 as in need of improvement. (Section 1112(b)(1)(L))

Picayune School District is in compliance with all federal and state regulations concerning assistance to schools identified as "in need of improvement." Currently, the District has one school identified as "in need of improvement." Picayune Junior High School is in Level I improvement and holding. Picayune Junior High School will met AYP in all areas except for the subgroup "Students with Disabilities." Picayune Junior High School did exit improvement and will remain in "Level I Improvement for the 2009-2010 school year.

All mandatory funding set asides as prescribed by NCLB have been adhered to when developing the 2009-2010 CFPA. A “Plan of Improvement” is on file with the MDE Office of Innovative Support outlining actions the District and Picayune Junior High School are undertaking to move the school out of “improvement” status. Picayune Junior High and District staff attended the 2009-2010 School Improvement Symposium held in October 2009. This plan will be updated and placed on file by February 2010.

11. Provide a **description** of how the LEA will meet the requirements of Section 1119. (Section 1112(b)(1)(N))

A “Plan of Improvement” has been written and is on file with the MDE Office of Innovative Support concerning identified activities and needed funding to address the issues of “improvement.” Professional development, remediation programs for improving student achievement, and activities and opportunities for parents and the community to become actively involved in the learning process of students have been identified and incorporated into the plan. This plan is currently being revised and will be filed with the MDE by February 2010.

12. **Describe** your LEA’s policy on how it will provide services to homeless children, including funds reserved to provide services comparable to homeless children who do not attend participating Title I schools, including related support services to children in shelters and other locations where children may live. (Section 1112(b)(1)(O))

Picayune School District is in compliance with all admission policies as authorized under the McKinney-Vento Homeless Assistance Act. The Picayune School District Board of Trustees has an approved board policy on file addressing the education of homeless and unaccompanied youth. This policy mandates that the District be in compliance with all aspects of the McKinney-Vento Homeless Act. All Title I, Part A funded services are coordinated in a manner that will avoid duplication of services for these students.

Any homeless/unaccompanied youth seeking admission/enrollment in the Picayune School District will be afforded every appropriate educational accommodation, free transportation, and social service. Every effort will be made to determine each homeless/unaccompanied child’s best interest and placement educationally, including locating and talking to parents, investigating the causes of homelessness, consulting with other agencies involved, reviewing previous educational records, and testing for specific needs and placement.

The Director of Federal Programs for the Picayune School District is designated as the local liaison for homeless children and youth.

The local liaison or his designee will be the primary contact between homeless families, school staff, district personnel, shelters, and other service providers. The local liaison or his designee will coordinate services to ensure that homeless/unaccompanied youth are enrolled in school and have the opportunity to succeed academically.

The Picayune School District employs four social workers to help identify, enroll, and provided assistance to homeless/unaccompanied youth and families. Two social workers are assigned to provide assistance to five targeted assisted elementary programs and two

social workers are employed to provide assistance to one junior high school program. A Parenting Center is funded through district maintenance and Title I, Part A funds. The Parenting Center provides assistance to homeless/unaccompanied youth and their families. The assistance includes, but is not limited to, the coordination of and assistance with services from local and state agencies, faith-based organizations, medical and dental offices, and counseling services. The Parenting Center helps provide for the basic and immediate educational needs of homeless/unaccompanied youth on an individual basis. The Parenting Center uses available McKinney-Vento grant funds to supplement services provided to homeless/unaccompanied youth and their families.

Homeless/unaccompanied youth not attending Title I, Part A funded schools are provided services and assistance funded by Title I, Part A funds and district maintenance dollars.

Title I, Part A, Parental Involvement

MUST BE FULLY completed.

1. An LEA must reserve funds for parental involvement activities for parents of private school children who participate in Title I, Part A activities from the amount the LEA has reserved for parental involvement. These funds must be reserved by the LEA before any allocation of funds to its respective school attendance areas and schools. The amount of funds reserved for these activities must be proportionate to the number of private school children from low-income families residing in participating public school attendance areas. Please **describe** the process used to determine the set aside amount for **private schools, if applicable**. (*Sections 200.65 and 200.77 of the Title I Regulations*)

Picayune School District has one private school operating within its service area. Roseland Park Baptist Church Academy has refused all funds and services provided by federally funded programs for the 2009/2010 school year.

2. Section 1118(a)(3)(A) requires an LEA to reserve not less than one percent of its Title I, Part A allocation to carry out parental involvement programs, activities, and procedures, except this requirement does not apply if one percent of such allocation is \$5,000 or less. Section 111 Section 1118(a)(3)(B) requires LEAs to involve parents in the decisions regarding how funds reserved under Section 1118(a)(3)(A) are allotted for parental involvement activities. **Describe** how the school has involved parents in the decisions regarding how funds reserved under Section 1118(a)(3)(A) are allotted for parental involvement activities.

Picayune School District is in full compliance with Parental Involvement activities as prescribed by NCLB. 100% of all reserved parental involvement funds are used at the school level. One percent (1%) of the total allocation is tentatively \$15,238.00. This is based on 100% of the FY09 CFPA allocation of \$1,523,763.00. This amount will be revised if a change occurs.

Parental Involvement funds are allocated to each school-wide program on a per pupil basis. The District does not use any of these funds. School-wide programs will use their funds to provide activities which allow parents to participate in the academic process. Parents are invited to participate in the completion of a comprehensive needs assessment and evaluation which focus on five dimensions directly related to student achievement. The results of the needs assessment and evaluation are used to determine which parental involvement programs and activities will be provided during the school year.

3. Please **describe** the strategies and programs the **LEA and schools** use to implement effective parental involvement in programs assisted under Title I, Part A, as required in Section 1118. (*Attach copies of LEA's and schools' Parental Involvement Policies*)

Picayune School District operates a Parenting Center which provides services to parents and families. Two social workers funded by Title I, Part A funds and a district-funded elementary counselor work directly with parents and students to address issues which undermine student achievement. These issues include, but are not limited to, academics, attendance, discipline, and medical/social needs. Each targeted assisted school sponsors meetings/programs yearly and invite parents as a means for them to understand activities and processes that are in place that have an affect on their child's academic success. School newsletters, Ed Line, volunteering, PTO/PTA organizations, and district/school websites are examples of opportunities to help parents and others stay abreast of activities in the schools. The Parenting Center maintains literature and other resources which can be checked out on a first-come basis for improving parental skills which can be used to help children succeed academically.

Public School Choice

(Only for those districts with Title I Schools in Need of Improvement.)

NCLB Requirements (Section 1116):

- For any school identified for Title I School Improvement, districts must provide all students in the school with the option to transfer to another public school within the district not identified.
- Districts must give priority to the lowest-achieving children from low-income families.
- Districts must provide/pay for transportation to the receiving schools to the extent required by federal and State law.
- A child who transfers may remain in the receiving school until the child has completed the highest grade in that school.

A. District Choice Plan

1. **Describe** your district's mandatory Public School Choice program. Include information regarding the following:

- a) Explain if there are any geographic or other limitations.

Picayune School District has one school in "improvement" status. Picayune Junior High School is in Level I improvement and holding. This is the only school which services grades 7 and 8. The District does not have the ability to provide choice at this grade level.

In addition, all surrounding school districts have documentation on file refusing to take students who try to transfer from our district to their district.

- b) Describe measures that ensure the priority of transfers for lowest-achieving children from low-income families.

Transfer is not an option for students attending Picayune Junior High School. No other school in the District services grades 7 and 8. Surrounding school districts have documentation on file refusing to take students who try to transfer for this reason.

- c) Provide an explanation if funds beyond the minimum required five percent of the district's allocation (up to fifteen percent) will be used for transportation costs to implement Public School Choice. Include an explanation of how these funds will only supplement transportation the LEA is already providing.

NA

Receiving Schools

2. List the schools that can accept transfer students from Title I schools in need of improvement.

None at this time.

The receiving schools **MAY NOT** be Title I schools in need of improvement.

Title I School(s)	Grade Span	Non-Title I School(s)	Grade Span	Made AYP	
				Yes	No
None	7-8	None	7-8	NA	NA

B. Parent Notification of Availability of Public School Choice

Districts must promptly notify parents of the availability of Public School Choice (in an understandable and uniform format and, to the extent practicable, in a language that the parent can understand) to all students enrolled in a school that has been identified for Title I School Improvement. (NCLB Section 1116).

Districts are strongly encouraged to provide several choice options for parents. Parents should be provided a reasonable amount of time to consider their options, be given concise but detailed information on the performance and overall quality of the receiving schools, and be provided an opportunity to visit potential schools of choice.

1. **Describe the district's procedures** to implement parent notification required by NCLB Section 1116.

Picayune School District is in compliance with all NCLB required parent notifications. The District publishes and mails to all students' parents yearly notices stating if a school-wide program has been identified for improvement.

At this time, Picayune School District does not have the option to provide Choice or Transfer. Parents are notified of this at the beginning of year school year once the District has been notified by the MDE of its improvement status.

- 2. Complaint Process: Describe** the LEA's procedures for receiving and acting on complaints from parents or other persons in parental relation to students in Title I schools in need of improvement. Include a timeline for handling complaints.

All complaints concerning improvement are directed to the principal of the school in improvement. The principal of the school in improvement will address the complaints as thoroughly as possible.

In the event the individual filing the complaint is not satisfied with the principal's response, he/she will then be directed to the Director of Federal Programs for the school district. The Director of Federal Programs will address the complaint and explain the district's and school's position on the complaint.

In the event the Director of Federal Programs is unable to adequately address an individual's complaint, that person will be directed to address complaints with the Superintendent of Education or his designee and then to the Board of Trustees.

Parents and guardians are encouraged to participate in open forums/meetings when hosted by schools in improvement. This is suggested as a means for having group discussion of similar questions other individuals might have concerning the school identified for improvement.

Title I Parents-Right-to Know as required by NCLB

MUST BE FULLY completed.

Provide a description of:

1. The LEA procedures (at the beginning of each school year) to notify parents of each student attending a Title I school that they may request information regarding the professional qualifications of their child's classroom teacher(s) and paraprofessional staff. The notice and information provided to parents must be in an understandable and uniform format and, to the extent practicable, provided in a language or other mode of communication that the parents can understand.

Picayune School District is in compliance with NCLB of 2001 regarding requests concerning the professional qualifications of classroom teachers and paraprofessionals. Prior to October 15 of each year, the District mails to each parent the qualifications of all classroom teachers and paraprofessionals who work at their child's school. This notification states the following information:

1. Employee's name,
2. Employee's title,
3. Employee's years of service,
4. Employee's degree status,
5. Employee's certification status,
6. Employee's area(s) of endorsement, and
7. Employee's "highly qualified" status.

2. The LEA procedures to ensure that Title I schools provide:
 - a) To each parent information on their child's level of achievement in each of the State academic assessments; and

Picayune School District's Office of the Superintendent takes responsibility for making sure that parents are notified yearly of all student assessment results. The District's test coordinator is responsible for providing assessment results to parents in a timely manner.

- b) Timely notification sent to the parent if their child has been assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified.

The Office of the Superintendent is responsible for notifying parents of each student who is taught by a teacher or substitute not highly qualified. In the event a substitute is needed for more than four consecutive weeks, the District is diligent in filling the position with a fully licensed and highly qualified teacher.

PRIVATE/NON-PUBLIC SCHOOL PARTICIPATION FORM 2009-2010

This form should be completed by the public school officials and presented to private/non-public school officials. A form must be completed for each private/non-public school located in the school district. The private school administrator is required to sign this form and may add comments.

Private School Name: Roseland Park Baptist Church Academy

Address: 2130 Hwy 11 N Picayune, Mississippi 39466

Telephone: 601-798-3918

Contact Person: Mrs. Julie Fortenberry, Director

School District: Picayune School District

1. Participation Information (*Check the appropriate box.*)

2. Meaningful consultation has taken place between the Local Educational Agency and private/non-public school officials to design and develop the program services and benefits to be provided. Date(s) of meetings:

There is currently one private school located within the service area of the Picayune School District. A yearly meeting is conducted with the director of the Roseland Park Baptist Church Academy. This meeting addresses available funds and services provided by all Title programs. This meeting is held at the beginning of the second semester to determine the private school's interest in participating during the coming year. Additional meetings are held as needed.

As in past years, Roseland Park Baptist Church Academy has refused all funds and services associated with all Title programs. The Academy maintains the position that its faith-based curriculum and instructional practices should not be interfered with by any outside entity, to include the Federal or State government. This year's informational meeting took place on January 27, 2009. At that time, all Title funds and services were refused for the 2009-2010 school year.

Consultation meetings (face to face) must continue through implementation and assessment of such services. Records of the meeting(s) such as agendas and meeting summaries must be kept on file in the school district and available upon request.

Please see attached Private School Participation form.

Description of Program:

3. Attach a brief **description** of the program and/or activities that will be supported by each federal funding source for which the private/non-public school is applying. Such programs and activities, including materials and supplies, shall be secular, neutral, and non-ideological.

NA

4. Please check the option(s) that will be used for selecting poverty students to generate funds for Title I student services.

- Data from the same source (e.g., free & reduced price lunch)
- Proportionality
- Survey, with extrapolation
- Correlated Measures

NA

5. Please check the option(s) agreed upon for Title I services following consultation.

TOTAL MUST EQUAL Allocation for Neglected Facilities (Include carryover for revised applications only)		0.00

Title II, Part A – Teacher and Principal Training and Recruiting

MUST BE FULLY completed.
(Use additional sheet(s) if necessary)

1. Provide a **descriptive** summary of your comprehensive needs assessment highlighting leading factors surrounding professional development activities and the need for Class Size Reduction teachers.

All professional development activities are funded by Title I, Part A, available Title II, Part A, district maintenance, and/or grant- generated funds. Title II funds will also be used to reduce classes in grades K-6.

The District uses a comprehensive needs assessment/evaluation instrument to address five dimensions critical to student academic success. The needs assessment/evaluation instrument is completed prior to the writing of the coming year's CFPA. The five dimensions addressed in the assessment are: Student Achievement, Curriculum and Instruction, Professional Development, Family and Community Involvement, and School Context and Organization. The information identified by the needs assessment/evaluation instrument is used to develop the district-wide professional development plan and individual professional development programs implemented by each school-wide program.

The needs Assessment/evaluation instrument identified a greater need for a reduction in class size. Picayune School District will again use its Title II allocation to reduce class size in grades K-6 at each elementary school operating a school-wide program. Remaining Title II, Part A funds will be used to provide professional development opportunities.

2. **Describe** the activities to be carried out and how they are aligned with challenging State standards.

Seven class size reduction teachers will be employed district-wide to reduce class size in grades K-6. Three teaching units will be located at Nicholson Elementary in grades K, 1, and 2. Three teaching units will be located at South Side Lower Elementary in grades K, 1, and 2. The remaining teaching unit will be located at West Side Elementary in grade 3. Assignment of these teacher units may change based on actual enrollment during the 2009-2010 school year.

The goal of reducing classes is to promote academic achievement through smaller student teacher ratios. The end result is to have students score higher on states assessments administered at the end of the school year.

3. Provide a **description** of how the activities will be based on a review of scientifically based research and an explanation of why the activities are expected to improve student academic achievement.

Statistics and research show that smaller class size promotes learning and an increase in student scores on assessments.

Class size will be reduced at three of the district's five elementary schools participating in the school-wide programs. Yearly MCT II test scores will be compared at each of these schools to determine to what extent class size reductions and instruction have helped to increase student achievement. Preliminary MCT II test scores for Picayune School District were received on August 3, 2009. After reviewing these scores, two elementary schools operating a school-wide program (Nicholson and West Side) each met AYP across the board and can show positive gains in student achievement. The third elementary school (South Side Lower) is a K-2 school and is not tested on the MCT II.

In addition, all subcategories were reviewed at each of the elementary schools assigned Class Size Reduction units. Each subcategory representing minority and low income students showed increases in achievement over last year.

4. Provide a **description** of how the activities will have a substantial, measurable, and positive impact on student academic achievement and how the activities will be used as part of a broader strategy to eliminate the achievement gap that separates low-income and minority students from other students.

Reducing class size on the elementary level will promote greater achievement by students at an earlier age. All students, disadvantaged and non-disadvantaged, will benefit from smaller class size.

Class size will be reduced at four of the district's five elementary schools participating in the school-wide programs. Yearly MCT II test scores will be compared at each of these schools to determine to what extent class size reductions and instruction have helped to increase student achievement. Preliminary MCT II test scores for Picayune School District were received on August 3, 2009. After reviewing these scores, two elementary schools operating a school-wide program (Nicholson and West Side) each met AYP across the board and can show positive gains in student achievement. The third elementary school (South Side Lower) is a K-2 school and is not tested on the MCT II.

In addition, all subcategories were reviewed at each of the elementary schools assigned Class Size Reduction units. Each subcategory representing minority and low income students showed increases in achievement over last year.

5. **Describe** the method used to target funds to schools that have the lowest proportion of highly qualified teachers, the largest average class size, or are identified for school improvement.

Picayune School District has one school identified as “in need of improvement.” The mandatory “off-the-top” funds have been reserved for professional development at that school. Teachers working schools funded by Title I, Part A currently meet the standards set by NCLB for being “highly qualified.”

Class size is determined yearly by the current and projected enrollment figures collected throughout the year. The District operates community schools and not grade level attendance centers. It is necessary for the District to take weekly counts to meet the required minimum student teacher ratios established by the Mississippi Legislature and the MDE. The District transports students if necessary to meet state required student teacher ratios. This gives the District current data to assign class size reduction units to the different schools providing services grades K-6. In addition, the District is in compliance with all “supplement/supplanting” issues as outlined by Title programs. By returning all students assigned to class size reduction teachers to the rolls of district maintenance teachers, the District easily meets the required regulations to prevent “supplanting” from occurring.

6. **Describe** how the LEA will coordinate professional development activities authorized under Title II, Part A with professional development activities provided through other Federal, State, and local programs.

Professional development activities will be funded with available Title II funds once class size has been reduced. A district-wide professional development plan has been developed based on needs as identified by a comprehensive needs assessment and evaluation instrument. In addition each Title I, Part A funded school will develop and carry out a professional development plan which will be used to meet the specific training needs of its teachers and staff.

7. Provide a **description** of the professional development activities that will be made available to teachers and principals under Title II, Part A and how the LEA will ensure that the professional development needs of teachers and principals will be met using the Title II, Part A funds.

Professional development activities will be funded with available Title II funds once class size has been reduced. A district-wide and individual school professional development plans have been developed based on a comprehensive needs assessment and evaluation instrument. The District’s professional development plan is approved by the Picayune School District Board of Trustees.

8. **Describe** how funds will be integrated under Part A with funds received under Part D that are used for professional development to train teachers to integrate technology into curricula and instruction to improve teaching, learning, and technology literacy.

There will be no integration of funds. All professional development activities will be funded through the use of Title I, Part A, Title II, Part A, district maintenance funds, and grant-generated funds.

9. **Describe** how the LEA, teachers, paraprofessionals, principals, other relevant school personnel, and parents have collaborated in the planning of activities to be carried out under Title II, Part A and in the preparation of the application.

A comprehensive needs assessment/evaluation instrument addressing five dimensions which influence student achievement has been used to plan all Title funded programs. The District and each Title I, Part A funded school uses the results of this needs assessment/evaluation instrument to plan their yearly programs. Questions on the assessment are answered by administrators, teachers, staff, paraprofessionals, parents, and interested members of the community. The results of these questions provide needed direction for planning the programs.

10. Provide a **description** of how the LEA will provide training to enable teachers to teach and address the needs of students with different learning styles, particularly students with disabilities, students with special learning needs (including students who are gifted and talented), and students with limited English proficiency: improve student behavior in the classroom and identify early and appropriate interventions to help students learn; involve parents in their child's education; and understand and use data and assessments to improve classroom practices and student learning.

The District employs a wide range of teachers to meet the needs of students. Gifted teachers who hold certification in the appropriate areas are employed on the elementary and secondary (junior high) levels. The District provides gifted services to students in grades 2-8.

Students who have learning disabilities are provided services and instruction by teachers who hold certification in the appropriate areas and who are employed on both the elementary and secondary levels. All special education teachers providing services in the core academic areas meet the definition of "highly qualified" as established by NCLB.

ESL Students are identified at the time they enroll in school through the use of an informal survey. When identified by the survey instrument, they are immediately eligible for tutorial/remediation by Title I aides in school-wide programs. ESL students are integrated into core academic classes as their language skills improve.

The District also employs licensed social workers who help all students with behavior and attendance issues. The social workers are responsible for maintaining communication with parents to help bridge the gap with parental involvement and student achievement.

11. Provide a **description** of how the LEA will use Title II, Part A funds to meet the requirements of Section 1119 qualifications for teachers and paraprofessionals. *Note: According to the statute, districts failing to meet the Highly Qualified Annual Measurable Objectives (HQ AMOs) for two (2) consecutive years must develop an improvement plan*

that specifically addresses the issues that prevented the LEA from meeting the AMOs. During the development of the plan, the State will provide technical assistance to the LEA and schools as needed. After three (3) consecutive years of not meeting HQ AMOs and not making Adequate Yearly Progress (AYP), the LEA must enter into an agreement with the State on the use of funds and may no longer use Title II, Part A funds in the manner in which they were currently being used including using the funds for Class Size Reduction. § 2141

All teachers and paraprofessionals hired yearly by the Picayune School District meet the definition of “highly qualified” as defined by NCLB and regulated by the MDE, Office of Teacher Licensure.

All teachers employed by Picayune School District have been issued a teaching certificate issued by the MDE, Office of Teacher Licensure stating the required teaching endorsement. If a less-than-standard certificate is issued by the Office of Teacher Licensure, a Highly Qualified Teacher Plan is filed with the MDE stating how the teacher will become highly-qualified during the life of the less-than-standard certificate. An revised and Board approved Highly Qualified Teacher Plan is on file with MDE as of November 10, 2009.

It is the responsibility of individual teachers to become highly qualified and to secure their teaching credentials. Picayune School District in no way expends funds to help a teacher secure his/her professional credentials.

Picayune School District is currently in compliance with HQ AMOs.

12. **Explain** how the LEA will comply with Section 9501 regarding participation of private school teachers by providing children and their teachers or other educational personnel, on an equitable basis, special educational services, or other benefits that address their needs under the program.

NA

Picayune School District has one private school located within its service area. However, Roseland Park Baptist Church Academy has refused the funds and services provided by all federal programs for the 2009-2010 school year.

Title IV Programmatic Section II – Safe and Drug-Free Schools and Communities 2009-2010

School District Code: 5520

School District Name: Picayune School District

1. In the space provided, briefly **describe** how the school district’s plan for drug and violence prevention will be coordinated with programs under the No Child Left Behind Act (i.e. Title I, and Title II) and other Federal, State, and local programs for drug and violence prevention, i.e. Local Coordinating Council programs/funding, partnerships, tobacco settlement funding, etc.

The District employs two social workers at Picayune Junior High School. The social workers will be responsible for all instruction concerning safe and drug-free curriculum.

PROJECT ALERT will be taught during the elective block which all students must take during the year.

The Title IV allocation will be used to partially fund the two social workers’ salaries and benefits. The remaining portion of their salaries and benefits will be funded by Picayune Junior High School’s Title I, Part A funds.

The District will contract with the Picayune Police Department to provide School Resource Officers (SRO’s) at all schools.

SRO’s will be used to help deter and resolve conflicts within the student body.

SRO’s will work with the schools’ security councils to coordinate and implement safe and drug free activities throughout the year.

The District funds eight (8) Behavior Modification classes at the elementary schools, junior high school, and Center for Alternative Education to provide an academic setting for students who are experiencing difficulties with discipline.

The District employs two Positive Behavior Specialists to provide appropriate interventions and counseling to students exhibiting problems with behavior.

The District operates a Center for Alternative Education for the placement of students who have behavior issues which are potentially disruptive to the traditional classroom setting.

The District employs one nurse coordinator and seven (7) nurses to provide health services to students at all Title and non-Title funded schools. The District also employs one (1) nurse to provide health services to students attending the Early Head Start program. The nurses also provide support for all drug and violence prevention programs.

2. Please indicate how the school district will publicly report progress toward attaining the performance measures from column 2 of the plan (check all that apply).

Press release
 Letter to parents
 Notice posted on the school district's web site
 Local school board members
 Other _____

3. School districts that plan to apply for SDFSC funding must provide notice to the community of their intent to apply for the funds. Please indicate how this notification will occur (check all that apply).

Press release
 Letter to parents
 Newspaper notice
 Notice posted on the school district's web site
 Other _____

4. Meaningful and ongoing consultation with and input from parents in the development of the application and administration of the SDFSC program are required. Please indicate by checking the appropriate boxes below how this requirement has been met (check all that apply).

[School Security Councils](#)

TITLE IX — GENERAL PROVISIONS

PART A — DEFINITIONS

SEC. 9101. DEFINITIONS.

Except as otherwise provided, in this Act:

(1) AVERAGE DAILY ATTENDANCE-

(A) IN GENERAL- Except as provided otherwise by State law or this paragraph, the term average daily attendance' means —

- (i) the aggregate number of days of attendance of all students during a school year; divided by
- (ii) the number of days school is in session during that year.

(B) CONVERSION- The Secretary shall permit the conversion of average daily membership (or other similar data) to average daily attendance for local educational agencies in States that provide State aid to local educational agencies on the basis of average daily membership (or other similar data).

(C) SPECIAL RULE- If the local educational agency in which a child resides makes a tuition or other payment for the free public education of the child in a school located in another school district, the Secretary shall, for the purpose of this Act —

- (i) consider the child to be in attendance at a school of the agency making the payment; and
- (ii) not consider the child to be in attendance at a school of the agency receiving the payment.

(D) CHILDREN WITH DISABILITIES- If a local educational agency makes a tuition payment to a private school or to a public school of another local educational agency for a child with a disability, as defined in section 602 of the Individuals with Disabilities Education Act, the Secretary shall, for the purpose of this Act, consider the child to be in attendance at a school of the agency making the payment.

(2) AVERAGE PER-PUPIL EXPENDITURE- The term average per-pupil expenditure' means, in the case of a State or of the United States —

(A) without regard to the source of funds —

- (i) the aggregate current expenditures, during the third fiscal year preceding the fiscal year for which the determination is made (or, if satisfactory data for that year are not available, during the most recent preceding fiscal year for which satisfactory data are available) of all local educational agencies in the State or, in the case of the United States, for all States (which, for the purpose of this paragraph, means the 50 States and the District of Columbia); plus
- (ii) any direct current expenditures by the State for the operation of those agencies; divided by

(B) the aggregate number of children in average daily attendance to whom those agencies provided free public education during that preceding year.

(3) BEGINNING TEACHER- The term beginning teacher' means a teacher in a public school who has been teaching less than a total of three complete school years.

(4) CHILD- The term child' means any person within the age limits for which the State provides free public education.

(5) CHILD WITH A DISABILITY- The term child with a disability' has the same meaning given that term in section 602 of the Individuals with Disabilities Education Act.

(6) COMMUNITY-BASED ORGANIZATION- The term community-based organization' means a public or private nonprofit organization of demonstrated effectiveness that —

- (A) is representative of a community or significant segments of a community; and
- (B) provides educational or related services to individuals in the community.

(7) CONSOLIDATED LOCAL APPLICATION- The term consolidated local application' means an application submitted by a local educational agency pursuant to section 9305.

(8) CONSOLIDATED LOCAL PLAN- The term consolidated local plan' means a plan submitted by a local educational agency pursuant to section 9305.

(9) CONSOLIDATED STATE APPLICATION- The term consolidated State application' means an application submitted by a State educational agency pursuant to section 9302.

(10) CONSOLIDATED STATE PLAN- The term consolidated State plan' means a plan submitted by a State educational agency pursuant to section 9302.

(11) CORE ACADEMIC SUBJECTS- The term core academic subjects' means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

- (12) COUNTY- The term county' means one of the divisions of a State used by the Secretary of Commerce in compiling and reporting data regarding counties.
- (13) COVERED PROGRAM- The term covered program' means each of the programs authorized by —
- (A) part A of title I;
 - (B) subpart 3 of part B of title I;
 - (C) part C of title I;
 - (D) part D of title I;
 - (E) part F of title I;
 - (F) part A of title II;
 - (G) part D of title II;
 - (H) part A of title III;
 - (I) part A of title IV;
 - (J) part B of title IV;
 - (K) part A of title V; and
 - (L) subpart 2 of part B of title VI.
- (14) CURRENT EXPENDITURES- The term current expenditures' means expenditures for free public education —
- (A) including expenditures for administration, instruction, attendance and health services, pupil transportation services, operation and maintenance of plant, fixed charges, and net expenditures to cover deficits for food services and student body activities; but
 - (B) not including expenditures for community services, capital outlay, and debt service, or any expenditures made from funds received under title I and part A of title V.
- (15) DEPARTMENT- The term Department' means the Department of Education.
- (16) DISTANCE LEARNING- The term distance learning' means the transmission of educational or instructional programming to geographically dispersed individuals and groups via telecommunications.
- (17) EDUCATIONAL SERVICE AGENCY- The term educational service agency' means a regional public multiservice agency authorized by State statute to develop, manage, and provide services or programs to local educational agencies.
- (18) ELEMENTARY SCHOOL- The term elementary school' means a nonprofit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under State law.
- (19) EXEMPLARY TEACHER- The term exemplary teacher' means a teacher who —
- (A) is a highly qualified teacher such as a master teacher;
 - (B) has been teaching for at least 5 years in a public or private school or institution of higher education;
 - (C) is recommended to be an exemplary teacher by administrators and other teachers who are knowledgeable about the individual's performance;
 - (D) is currently teaching and based in a public school; and
 - (E) assists other teachers in improving instructional strategies, improves the skills of other teachers, performs teacher mentoring, develops curricula, and offers other professional development.
- (20) FAMILY LITERACY SERVICES- The term family literacy services' means services provided to participants on a voluntary basis that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following activities:
- (A) Interactive literacy activities between parents and their children.
 - (B) Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children.
 - (C) Parent literacy training that leads to economic self-sufficiency.
 - (D) An age-appropriate education to prepare children for success in school and life experiences.
- (21) FREE PUBLIC EDUCATION- The term free public education' means education that is provided —
- (A) at public expense, under public supervision and direction, and without tuition charge; and
 - (B) as elementary school or secondary school education as determined under applicable State law, except that the term does not include any education provided beyond grade 12.
- (22) GIFTED AND TALENTED- The term gifted and talented', when used with respect to students, children, or youth, means students, children, or youth who give evidence of high achievement capability in areas such as intellectual, creative, artistic, or leadership capacity, or in specific academic fields, and who need services or activities not ordinarily provided by the school in order to fully develop those capabilities.

(23) HIGHLY QUALIFIED- The term highly qualified' —

(A) when used with respect to any public elementary school or secondary school teacher teaching in a State, means that —

(i) the teacher has obtained full State certification as a teacher (including certification obtained through alternative routes to certification) or passed the State teacher licensing examination, and holds a license to teach in such State, except that when used with respect to any teacher teaching in a public charter school, the term means that the teacher meets the requirements set forth in the State's public charter school law; and

(ii) the teacher has not had certification or licensure requirements waived on an emergency, temporary, or provisional basis;

(B) when used with respect to —

(i) an elementary school teacher who is new to the profession, means that the teacher —

(I) holds at least a bachelor's degree; and

(II) has demonstrated, by passing a rigorous State test, subject knowledge and teaching skills in reading, writing, mathematics, and other areas of the basic elementary school curriculum (which may consist of passing a State-required certification or licensing test or tests in reading, writing, mathematics, and other areas of the basic elementary school curriculum); or

(ii) a middle or secondary school teacher who is new to the profession, means that the teacher holds at least a bachelor's degree and has demonstrated a high level of competency in each of the academic subjects in which the teacher teaches by —

(I) passing a rigorous State academic subject test in each of the academic subjects in which the teacher teaches (which may consist of a passing level of performance on a State-required certification or licensing test or tests in each of the academic subjects in which the teacher teaches); or

(II) successful completion, in each of the academic subjects in which the teacher teaches, of an academic major, a graduate degree, coursework equivalent to an undergraduate academic major, or advanced certification or credentialing; and

(C) when used with respect to an elementary, middle, or secondary school teacher who is not new to the profession, means that the teacher holds at least a bachelor's degree and —

(i) has met the applicable standard in clause (i) or (ii) of subparagraph (B), which includes an option for a test; or

(ii) demonstrates competence in all the academic subjects in which the teacher teaches based on a high objective uniform State standard of evaluation that —

(I) is set by the State for both grade appropriate academic subject matter knowledge and teaching skills;

(II) is aligned with challenging State academic content and student academic achievement standards and developed in consultation with core content specialists, teachers, principals, and school administrators;

(III) provides objective, coherent information about the teacher's attainment of core content knowledge in the academic subjects in which a teacher teaches;

(IV) is applied uniformly to all teachers in the same academic subject and the same grade level throughout the State;

(V) takes into consideration, but not be based primarily on, the time the teacher has been teaching in the academic subject;

(VI) is made available to the public upon request; and

(VII) may involve multiple, objective measures of teacher competency.

(24) INSTITUTION OF HIGHER EDUCATION- The term institution of higher education' has the meaning given that term in section 101(a) of the Higher Education Act of 1965.

(33) **POVERTY LINE**- The term poverty line' means the poverty line (as defined by the Office of Management and Budget and revised annually in accordance with section 673(2) of the Community Services Block Grant Act) applicable to a family of the size involved.

(34) **PROFESSIONAL DEVELOPMENT**- The term professional development' —

(A) includes activities that —

- (i) improve and increase teachers' knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
- (ii) are an integral part of broad schoolwide and district-wide educational improvement plans;
- (iii) give teachers, principals, and administrators the knowledge and skills to provide students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
- (iv) improve classroom management skills;
- (v)(I) are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher's performance in the classroom; and
(II) are not 1-day or short-term workshops or conferences;
- (vi) support the recruiting, hiring, and training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
- (vii) advance teacher understanding of effective instructional strategies that are —
 - (I) based on scientifically based research (except that this subclause shall not apply to activities carried out under part D of title II); and
 - (II) strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
- (viii) are aligned with and directly related to —
 - (I) State academic content standards, student academic achievement standards, and assessments; and
 - (II) the curricula and programs tied to the standards described in subclause (I) except that this subclause shall not apply to activities described in clauses (ii) and (iii) of section 2123(3)(B);
- (ix) are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served under this Act;
- (x) are designed to give teachers of limited English proficient children, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula and assessments;
- (xi) to the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach;
- (xii) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement, with the findings of the evaluations used to improve the quality of professional development;
- (xiii) provide instruction in methods of teaching children with special needs;
- (xiv) include instruction in the use of data and assessments to inform and instruct classroom practice; and
- (xv) include instruction in ways that teachers, principals, pupil services personnel, and school administrators may work more effectively with parents; and

(B) may include activities that —

- (i) involve the forming of partnerships with institutions of higher education to establish school-based teacher training programs that provide prospective teachers and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
- (ii) create programs to enable paraprofessionals (assisting teachers employed by a local educational agency receiving assistance under part A of title I) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
- (iii) provide follow-up training to teachers who have participated in activities described in subparagraph (A) or another clause of this subparagraph that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom.

- (35) PUBLIC TELECOMMUNICATIONS ENTITY- The term public telecommunications entity' has the meaning given that term in section 397(12) of the Communications Act of 1934.
- (36) PUPIL SERVICES PERSONNEL; PUPIL SERVICES-
